TRADITIONAL STYLE PAIRED WITH MODERN FUNCTIONALITY

NOSTALGIE SERIES

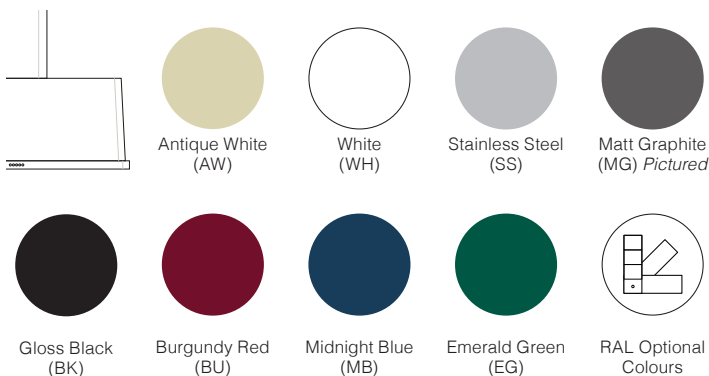

ILVE's AG Series canopy range hoods are perfect partners with ILVE's Nostalgie series freestanding cookers. Available in all Nostalgie series colours including custom RAL options, these canopy hoods look great in modern kitchens and provincial style kitchens too!

A synthesis of beauty and functionality, Nostalgie is the masterful embodiment of the ideal cooking appliance suite. An appliance that blends into every setting and immediately takes centre stage, with a style made of rounded lines, crafted details, fine finishes and technologies deriving directly from the world of professional cooking.

Air quality whilst cooking is a fundamental factor in which we design our hoods. Along with that, they need to be a natural partner for our cooking appliances. That's why the Nostalgie collection combines the range cooker with the highly efficient AG hoods, perfectly matching aesthetics in design, colours and metallic finishes.

Standard Option - Range Hood Colours

NOSTALGIE SERIES

CANOPY RANGE HOOD

AG NOSTALGIE RANGE HOOD

AG SERIES CANOPY HOOD
